PROFILE

I am a devoted software engineer who is passionate about technology. Can overcome challenges and new tasks quickly and efficiently. I have experience with many different kinds of technology from robotics to computer hardware.

EXPERIENCE

AMT-Robotics Specialist, Manchester Community College **November 2018 to March 2020**

Performed breadboarding, robotics repair, and assisted with robotics competitions. Developed Arduino software and supervised 3D printing activities for the department. Additionally assisted in the design of educational content to fuse electrical work and computer coding.

Front End Service, Strikers East Bowling Center **October 2019 to March 2020**

Worked the front counter of the bar and bowling area. Required to handle transactions, bowling lane service in addition to serving food and drinks. Involved in closing and cleaning process at night.

Service Parts Specialist, O'Reilly Auto Parts **April 2019 to September 2019**

Worked as retail worker helping people find car parts needed, along with normal cashier duties. Performed inventory tasks such as check-in and restocking.

Center Store Staff, Hannaford Supermarkets **September 2018 to December 2018**

Member of inventory and restocking crew. Worked as a team to efficiently and effectively replenish items on shelf as they were depleted.

EDUCATION

Southern New Hampshire University — B.S. Computer Science, Expected **June 2023**

Charles E. Shea High School, Pawtucket RI, June 2018
